

To John Bruce

26 Apr 41.

My dear Sir

A vexatious accident prevented my attendance at the last Commt of the Camden Soc.

What I write about now is to ask whether anything & what was done regarding the presence of our President on the day of General Meeting. Was it resolved

that Mr Thoms as Secretary should write to ask the question whether Lord F. Egerton would preside, or was it supposed that (as on former occasions) I would ask him the question?

It is necessary that something should be done by way of ceremony, for we ought not to take it for granted one way or the other.

I would have written to Mr Thoms on

this matter, without
troubling you, but the
last time I saw you,
you said he was ill
and I do not know
if he has sufficiently
recovered, though I sin-
cerely hope he is.

Yours very sin-
cerely (in haste)
